PHILLIPS SOLAR

POWERED BY MERLIN™

Solar Kits

AVAILABLE NOW

Introducing groundbreaking solar technology with patented flexibility and lightweight Mono cSi panels. These panels, **50% more durable than standard alternatives**, redefine reliability in renewable energy. The advanced technology not only saves fuel but also eliminates jump starts, extends battery life, and increases power to offset parasitic loads. Embrace a new era of efficient and sustainable energy solutions.

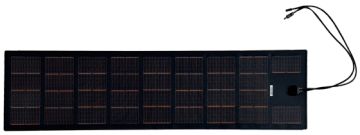
55W Reefer Kit
PN: 79-91161
30.32 in × 16.46 in (770 mm × 418 mm)

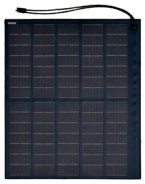
110W Class 8 Kit
PN: 79-91222
33.6 in × 30 in (853 mm × 786 mm)

120W Liftgate Kit
(50' & 2.5' cables)
PN: 79-91382
67.17 in × 17.36 in (1706 mm × 441 mm)

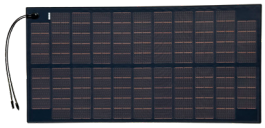


120W Liftgate Kit
(20' & 10' cables)
PN: 79-91385
67.17 in × 17.36 in (1706 mm × 441 mm)

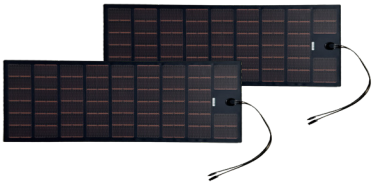
175W Class 8 Kits
PN: 79-91412
40 in × 40.5 in (1018 mm × 1029 mm)



240W Liftgate Kit
PN: 79-91573
54 in × 41 in (1365 mm x 1039 mm)



360W Liftgate Kit
PN: 79-91633
80.5 in × 41.4 in (2044 mm x 1051 mm)



360W Class 8 Kits
PN: 79-92643
2x panels per kit
Per panel: 67.2 in × 24.7 in (1706 mm x 627 mm)

500W Class 8 Kits
PN: 79-92794
Per panel: 94.5 in × 28.8 in (2400 mm x 732 mm)

TECHNOLOGY

Industry-leading power output • Superior low-sun angle performance in all light conditions • Designed and engineered in USA • Outstanding aesthetics and aerodynamics • Redundancy with grid design • Robust panel integrity • Engineered for extreme conditions, including military environments • Lightweight and flexible

PRODUCT FEATURES

Peel-and-stick adhesive, non-invasive installation avoids roof or surface penetration • Easy to Install • Optimized Charge Controller • Fully Integrated Merlin™ Solution with Patented Design

CUSTOMER BENEFITS

The kits save fuel, effectively eliminate jump starts, extend battery life, increase reliability and increase power available to offset parasitic loads. It also provides drivers with the extra power to run hotel loads reducing the number of auto-start features.

All kits include: Size appropriate MerlinSolar™ Optimized Charge Controller with Fuse, Battery Cable, Home Run Cable, Mounting Hardware & Edge Tape

*Products excluded from pre-paid freight policies, with customers covering quoted freight costs
