

# ABS LECTRACOIL™

**5 YEAR Warranty**  
QCP™ Assembly Only  
See website for details

**QCP™ Cartridge is field replaceable in under two minutes!**

- Recommended for ABS applications and trailers with high voltage demands
- Flexible from -82°F to 195°F (-63°C to 91°C)
- Excellent recoil memory, chemical and abrasion resistance
- The WEATHER-TITE™ PERMAPLUG™ seal blocks contaminants from entering the electrical system
- QCP™ cartridge is field replaceable in under two minutes!
- As a recommended practice, use a tracker bar spring kit or pogo stick to support cable assemblies with longer leads

## 4/12, 2/10 & 1/8 ga. ABS Applications

Part No.	Description	
30-9120	10', with WEATHER-TITE™ PERMAPLUGS™	<b>NEW</b> *
30-9320	12', with WEATHER-TITE™ PERMAPLUGS™	*
30-9321	12', with zinc die-cast plugs	*
30-9324	12', with QCP™ (Quick-Change Plug)	*
30-9620	15', with WEATHER-TITE™ PERMAPLUGS™	*
30-9621	15', with zinc die-cast plugs	*
30-9624	15', with QCP™ (Quick-Change Plug)	*
30-9920	15', 48" lead with WEATHER-TITE™ PERMAPLUGS™	*
30-9921	15', 48" lead with zinc die-cast plugs	*
30-9924	15', 48" lead with QCP™ (Quick-Change Plug)	*
30-9951	20', with zinc die-cast plugs	*
30-9954	20', with QCP™ (Quick-Change Plug)	*
30-9820	20', 48" lead with WEATHER-TITE™ PERMAPLUGS™	*
30-9821	20', 48" lead with zinc die-cast plugs	*

The WEATHER-TITE™ seal blocks all contaminants from entering the electrical system

\* Working length - As measured by pull force per SAE J2222. Length of raw cable is significantly longer.
