

HARNESS PIGTAILS & ADAPTERS

MARKER/CLEARANCE LIGHT PIGTAILS

MARKER/CLEARANCE LIGHT PIGTAILS

FEATURES and BENEFITS

- Molded connections to protect against contaminants
- 16 ga. white and black wires (with exception to 51-96210)
- .180 male bullets

PL-10 Connector

Incandescent Lighting Connections

51-96010	PL-10 connector, (2) bullets, 8"	Qty. 1
51-96010-25	PL-10 connector, (2) bullets, 8"	Qty. 25

Flat Seal Connector

LED Lighting Connections

51-96110	Flat seal connector, (2) bullets, 6"	Qty. 1
51-96110-25	Flat seal connector, (2) bullets, 6"	Qty. 25

- Molded o-ring ensures water-tight connection

2 Pin AMP Connector with STA-DRY® Sealed Boot

LED Lighting Connections

51-96310	2 pin AMP connector with STA-DRY® sealed boot, (2) bullets, 8"	Qty. 1
51-96310-25	2 pin AMP connector with STA-DRY® sealed boot, (2) bullets, 8"	Qty. 25

- 2 pin AMP connector with STA-DRY® sealed boot adds additional protection to help seal out moisture and contaminants

90° 2 Pin AMP Connector with STA-DRY® Sealed Boot

LED Lighting Connections

51-96319	90° 2 pin AMP connector with STA-DRY® sealed boot, (2) bullets, 8"	Qty. 1
51-96319-25	90° 2 pin AMP connector with STA-DRY® sealed boot, (2) bullets, 8"	Qty. 25

- For use in tight spaces
- STA-DRY® sealed boot adds additional protection to help seal out moisture and contaminants

2 Pin AMP Connector

LED Lighting Connections

51-96210	2 pin AMP connector, (2) bullets, 8"	Qty. 1
51-96210-25	2 pin AMP connector, (2) bullets, 8"	Qty. 25

- For use in tight spaces
- 16 ga. white and brown wires

STOP-TAIL-TURN & SIDE TURN LIGHT PIGTAILS

STOP-TAIL-TURN & SIDE TURN LIGHT PIGTAILS

FEATURES and BENEFITS

- Molded connections to protect against contaminants
- 16 ga. white, black, and red wires
- .180 male bullets

90° PL-3 Connector Incandescent Lighting Connections

51-96510	90° PL-3 connector, (3) bullets, 8"	Qty. 1
51-96510-25	90° PL-3 connector, (3) bullets, 8"	Qty. 25

- 90° plug-in connection with splash guard for added protection

PL-3 Connector

Incandescent Lighting Connections

51-96410	PL-3 connector, (3) bullets, 8"	Qty. 1
51-96410-25	PL-3 connector, (3) bullets, 8"	Qty. 25

- Can be used with adapters 51-97470 and/or 51-97479 to convert the PL-3 connection to a 3 Pin AMP connection (see below)

3 Pin AMP Connector

LED Lighting Connections

51-96610	3 pin AMP connector, (3) bullets, 8"	Qty. 1
51-96610-25	3 pin AMP connector, (3) bullets, 8"	Qty. 25

- For use in tight spaces

PIGTAIL ADAPTERS

Convert your PL-3 incandescent lighting connector to a 3 Pin AMP LED lighting connection!

- Converts the PL-3 connection to a 3 pin AMP connection
- For use with stop-tail-turn or side turn lights
- Molded connections to protect against contaminants
- 3 pin AMP connector with STA-DRY® sealed boot adds additional protection to help seal out moisture and contaminants
- 90° 3 pin AMP connector with STA-DRY® sealed boot available for use in tight spaces
- 16 ga. white, brown, and red wires

51-97470	PL-3 to 3 pin AMP connector adapter, 8"	Qty. 1
51-97470-25	PL-3 to 3 pin AMP connector adapter, 8"	Qty. 25
51-97479	PL-3 to 90° 3 pin AMP connector adapter, 8"	Qty. 1
51-97479-25	PL-3 to 90° 3 pin AMP connector adapter, 8"	Qty. 25

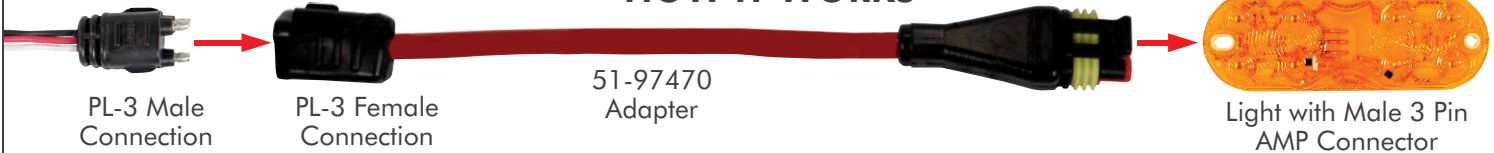

51-97470

51-97479
