

# NYLON CABLE WRAPS

For 3-IN-1 Combination Assemblies

- Easy to wrap and unwrap combination assemblies
- Convenient replacement for spiral wrap
- Protects cables from damage due to harsh weather conditions, chaffing, rubbing and tangling
- Keeps cables organized

## WRAP EM' UP!

Part No.	Description	Application
<b>5-608</b>	8' nylon cable wrap	12' combination assemblies
<b>5-610</b>	10' nylon cable wrap	13'-15' combination assemblies
<b>5-612</b>	12' nylon cable wrap	15' combination assemblies
<b>5-616</b>	16' nylon cable wrap	20' combination assemblies

- Easy to assemble and build custom 3-IN-1 combination assemblies
- Easy to unwrap for cable repair/replacement and DOT inspections
- Uses hook-and-loop to securely fasten the wrap together
- Simple and convenient alternative replacement for spiral wrap
- Made from durable woven nylon for protection against the elements with double stitched ends to prevent fraying
- Stainless steel grommets for cable ties for optional security
- UV coated for sun protection and water resistant inner lining for winter weather protection
