

RUBBER AIR HOSES

- Rubber Air Lines – Features tractor-end swivel fittings, spring guards, and resistance to abrasion, cracking, kinking and weathering
- 2-IN-1 Combination Assembly – Spiral wrapped for a clean, organized look
- Bulk Heavy Duty Rubber Air – Available in standard rubber air as well as arctic rubber air for low temperatures

Rubber Air Lines

Red and Blue Rubber Air Lines

11-81068	8', Red rubber, with red (emergency) grip
11-81076	8', Blue rubber, with blue (service) grip
11-81080	8', Set, red & blue rubber, with red & blue (emergency & service) grips
11-81108	12', Red rubber, with red (emergency) grip
11-81116	12', Blue rubber, with blue (service) grip
11-81120	12', Set, red & blue rubber, with red & blue (emergency & service) grips
11-81150	15', Set, red & blue rubber, with red & blue (emergency & service) grips
11-81178	15', Red rubber, with red (emergency) grip
11-81186	15', Blue rubber, with blue (service) grip
11-81200	20', Set, red & blue rubber, with red & blue (emergency & service) grips
11-81218	20', Red rubber, with red (emergency) grip
11-81226	20', Blue rubber, with blue (service) grip

Black Rubber Air Lines

11-8110	12', Black rubber, with red (emergency) grip
11-8111	12', Black rubber, with blue (service) grip
11-8112	12', Set, black rubber, with red & blue (emergency & service) grips
11-8113	12', Black rubber, with black (universal) grip
11-8115	15', Set, black rubber, with red & blue (emergency & service) grips
11-8117	15', Black rubber, with red (emergency) grip
11-8118	15', Black rubber, with blue (service) grip
11-8119	15', Black rubber, with black (universal) grip
11-8120	20', Set, black rubber, with red & blue (emergency & service) grips
11-8121	20', Black rubber, with red (emergency) grip
11-8122	20', Black rubber, with blue (service) grip
11-8123	20', Black rubber, with black (universal) grip

- Tractor end includes swivel fitting for easy installation and spring guard for strain relief
- Complies with SAE J1402 - Type A rubber air brake hose
- Meets DOT CFR 49 FMVSS 571.106 specifications
- Large grips for easy coupling/uncoupling and hose support
- Provides excellent abrasion-resistance and resists cracking, kinking and weathering

2-IN-1 Assemblies

11-82120	12' spiral wrapped red & blue rubber air lines, with red & blue (emergency and service) grips
11-82150	15' spiral wrapped red & blue rubber air lines, with red & blue (emergency and service) grips
11-82200	20' spiral wrapped red & blue rubber air lines, with red & blue (emergency and service) grips

- Spiral wrapped for a clean and organized look
- Includes hanging clamp and stainless steel clip for easy installation (P/N: 5-5018)
- Outstanding kink and abrasion resistance

Bulk Heavy Duty Rubber Air Hose

11-8180-250	Air brake hose, black rubber, 3/8", 250' spool
11-8190-250	Air brake hose, black rubber, 1/2", 250' spool
11-8186-250	Air brake hose, blue rubber, 3/8", 250' spool
11-8188-250	Air brake hose, red rubber, 3/8", 250' spool

- Heavy duty EPDM rubber air brake hose
 - 4-spiral polyester reinforced rubber
 - Resists cracking, kinking and weathering
 - Provides excellent abrasion resistance
- -40°F to 200°F (-40°C to 93°C)
- Burst pressure: 871 PSI
- Operating pressure: 145 PSI
- Meets SAE J1402 specifications

Bulk Heavy Duty Arctic Rubber Air Hose

11-8185-250	Air brake hose, rubber, 3/8", 250' spool
--------------------	--

- Heavy duty EPDM rubber air brake hose
 - 4-spiral polyester reinforced rubber
 - Resists cracking, kinking and weathering
 - Provides excellent abrasion resistance
 - -65°F to 200°F (-53°C to 93°C)
 - Burst pressure: 871 PSI
 - Operating pressure: 145 PSI
 - Meets SAE J1402 low temperature requirements
- 12070 Burke
