

# PHILLIPS

## SUPERIOR Back-of-Cab System 3-IN-1 with Cable Support

### Two Heavy-Duty Tracker Spring Kits with QWIK-CLAMP™

- 20" heavy-duty galvanized springs
- Non-corrosive QWIK-CLAMP™ allows for quick cable adjustments in seconds without the use of tools

### Rubber Air Lines with Factory-Installed Gladhands

- Pre-installed gladhands save time for quick and easy set-up
- Heavy-duty black rubber air lines protect against cracking, kinking, weathering, and abrasions
- Color-coded rubber grips allow for easy coupling and uncoupling

### ABS LECTRAFLEX™ with STA-DRY® Plugs

- LECTRAFLEX™ cable jacketing is chemical and abrasion resistant and remains flexible from -40° to 150°F (-40° to 66°C)
- STA-DRY® plugs are completely molded to prevent water intrusion at the back of the plug
- Trailer and tractor-side cable guards for cable support and strain relief

**Part no. 30-115729**  
12' STA-DRY® PAK

**Part no. 30-117729**  
15' STA-DRY® PAK
