Complete premium back-of-cab system,  
ready to install right out of the box

**PHILIPS**

WE MAKE PRODUCTS THAT MAKE A DIFFERENCE®

# QWIK-CHANGE™ PAK ANATOMY

**Wire Gate Clip**  
Body withstands over 600 lbs. of pull-force and wire gate avoids damage due to broken rivets

**QWIK-CLAMP™**  
Allows for quick cable adjustments in seconds without the use of tools

**Pre-Installed Anodized Gladhands**  
Corrosion-resistant body with stainless steel detent plate and polyurethane seal

**QCP™ (Quick-Connect Plug)**  
QCP™ cartridge is field serviceable in under two minutes

**POWER GRIP™ XL**  
Provides enhanced kink prevention and greater leverage for coupling and uncoupling

**Cut-Away View**  
Solid Rubber Grip

## A look inside the QCP™ (Quick-Connect Plug)

**Replacement Plug Insert**  
Remove and replace the cartridge at the first sign of corrosion, rather than cutting off the entire plug!

**Molded Interior Plug**  
A durable PVC overmold seals inner wires and cable to lock out corrosion

**Plug Housing**  
Unbreakable, non-corrosive housing that resists impact

**Cable Guard and Extended Lead Length**  
Trailer-side cable guard and 9" extended lead length reduces tension and prevents cable damage

# PHILIPS COMPLETE Back-of-Cab System 3-IN-1 with Cable Support

PREMIUM

## Two QWIK-CHANGE™ Tracker Spring Kits with QWIK-CLAMP™

- 25" extra heavy-duty galvanized springs
- Non-corrosive QWIK-CLAMP™ allows for quick cable adjustments in seconds without the use of tools

## Rubber Air Lines with Factory-Installed Anodized Gladhands

- Anodized gladhands with stainless steel detent plates prevent corrosion even in the harshest weather conditions
- Durable color-coded red and blue hoses to easily identify emergency and service air lines
- New POWER GRIP™ XL enhances kink prevention and hose protection while offering greater leverage for coupling and uncoupling

## ABS LECTRAFLEX™ with QCP™

- Remove and replace the Cartridge, rather than cutting off the entire plug - field replaceable in under two minutes!
- Trailer-side cable guard for additional cable support and strain relief
- Extended lead length on the trailer side for reduced tension on the plug
