## Back-of-Cab System

Individual Straight Cables with Cable Support

### Heavy-Duty Tracker Spring Kit with QWIK-SNAP™

- One 20" heavy-duty galvanized spring
- Non-corrosive QWIK-SNAP™ allows for quick cable adjustments in seconds without the use of tools
- Tri-seps keep cables organized and bundled together

### Rubber Air Lines with Factory-Installed Gladhands

- Pre-installed gladhands save time for quick and easy set-up
- Heavy-duty black rubber air lines protect against cracking, kinking, weathering, and abrasions
- Color-coded rubbergrips allow for easy coupling and uncoupling

### ABS LECTRAFLEX™ with PERMAPLUGS™

- LECTRAFLEX™ cable jacketing is chemical and abrasion resistant and remains flexible from -40° to 150°F (-40° to 66°C)
- PERMAPLUG™ is UNBREAKABLE, non-corrosive, and weather-resistant
