Back-of-Cab System

3-IN-1 with Cable Support

Two QWIK-CHANGE™ Tracker Spring Kits with QWIK-CLAMP™

- 25" Extra heavy-duty galvanized springs
- Non-corrosive QWIK-SNAP™ allows for quick cable adjustments in seconds without the use of tools

Rubber Air Lines with Factory-Installed Anodized Gladhands

- Anodized gladhands with stainless steel detent plates prevent corrosion even in the harshest weather conditions
- Durable color-coded red and blue hoses to easily identify emergency and service air lines
- New POWER GRIP™ XL enhances kink prevention and hose protection while offering greater leverage for coupling and uncoupling

ABS LECTRAFLEX™ with QCP™ (Quick-Connect Plug)

- Remove and replace the Quick-Connect Cartridge, rather than cutting off the entire plug - field replaceable in under two minutes!
- Trailer-side cable guard for additional cable support and strain relief
- Extended lead length on the trailer side for reduced tension on the plug
